JUDGING

JUDGING

American Dance Alliance appoints judges based upon their experience and feedback received throughout the season judging at our competitions. The appointed judges will be evaluating each performance based upon a 100-point system. The total score from each judge will be combined with scores from the other judges and averaged, generating the team's overall score. In the case of a tie, the lowest score of each routine will be dropped and the 2 highest scores will be averaged.

TABULATION PROCESS

ADA has partnered with Dance Bug to streamline the judging and tabulation aspect of our competitions. Each judge will evaluate performances using an electronic scoring sheet. The judge will be responsible for providing a thorough evaluation and feedback for each routine. Score sheets will be released to each director/coach after each competition via their DanceBug accounts, and detailed score rankings will be available for teams to review after the competition.
